TRAIL TECH UNIVERSAL SLED VOYAGEUR GPS SYSTEM

EVERY snowmobiler needs one of these. This full function GPS system gives you all the location, route, altitude, waypoints, and co-ordinates functions, but it also monitors coolant temperature, engine temperature, system voltage, rpm, as much info about your sled as you could possibly need.

From accessory to necessity! The Voyager GPS allows you to create, log and ride trails, and when you are finished, share them with friends. You can also monitor the engine temperature, ambient temperature, distance, voltage, compass, elevation, and engine RPM. The 2.7" screen uses the most up-to-date

SLED VOYAGER GPS KIT
