SKI DOO OIL TANK CAP SLEEVE

PART #	DESCRIPTION
MAV121-170	OIL TANK CAP REINFORCEMENT FOR SKI DOO

For about the last 6 years, Ski Doo has had a drooling oil tank. The problem is in the filler neck, it distorts after a few good cranks. Easy fix with our Mots oil sleeve.

MINI CLUTCH GEARING KITS

PART #	DESCRIPTION
ACS3601	MINI Z CLUCH KIT
ACS1601	Z120 CLUCH KIT
ACS2601	XCR120 CLUTCH KIT

◊Developed specifically for the Mini Z, XCR120, & Z120, these kits will increase both acceleration and speed without sacrificing any of their abilities to go through deep snow.

◊When testing and developing these kits, we use our stalker ats system to ensure that our results are both accurate and honest. ◊These kits are easy to install (under 1 hour) and include a gear, hub, chain and carb modification

◊Uses #40 chain.

TOOL-LESS QUICK CLICKERS

PART #	DESCRIPTION
MAV121-164	TOOL-LESS" SKI DOO QUICK CLICKERS FOR TRA CLUTCH

◊Here is a novel idea, no-hassle TRA adjustment, you don't even have to open your tool box.

◊Simply push and turn the adjuster.
